About Us

Nestled in the Tuscarora Mountains near Mercersburg, Foot of the Mountain Restaurant was established in 1971 by Robert and Katherine Ball. Formally known as Miller's Drive-In, the restaurant grew from offering hoagies and soft-serve ice cream to a full-service family restaurant in just a few years. Robert and Katherine worked tirelessly for twenty years building the business, holding positions as cook, baker, and server, creating their own recipes, and expanding the building.

Susan Musselman, daughter of Robert and Katherine, started working as a server in 1975. Six years later she started learning the kitchen side of the business and in 1991 she purchased the restaurant when her parents retired. As the second-generation owner, she continued to use their treasured recipes while working side by side with employees, including her two sons. Third-generation manager and Susan's son, Robert Twine, is committed to continuing the family tradition of providing fresh, quality food and friendly service to both longtime and new customers.

Most of our menu selections are made from scratch in our kitchen using fresh local produce and meats. Our own sausage, fresh-cut steaks, crab cakes, corn fritters, and many desserts make for a busy kitchen atmosphere! Our friendly and skilled staff ensure that our customers are promptly greeted and served a flavorful meal in a welcoming environment. Many of our customers become good friends who return often for the wholesome meals and serene views of the birds and squirrels just outside the windows.

Thank you for your continued patronage! We are humbled that you choose to enjoy a meal with us, and we appreciate your support. We hope you enjoy your visit to the Foot of the Mountain, and we look forward to serving you again.
